MOHAMED NOUFAL

Product Designer | UI / UX Designer

mnoufal2416@gmail.com | +91 99945 56003 | mohamednoufal.vercel.app

PROFILE INFO

Creative Problem Solver with User Focus. I bring passion for crafting intuitive user experiences. I excel at working with cross functional teams to translate user needs into effective interfaces. Results-driven, I thrive on iteratively improving products to ensure smooth user journeys.

EXPERIENCE

Sep 2025 - Nov 2025

Techlanz | Banglore.

UI UX Design Intern

- Developed and implemented a creative logo and branding initiative for a product released by the company.
- Created and designed Design System for new product.
- Designed parts of a webpage for new product including a E-Commerce Page.
- Designed Pitch Deck for investors.
- Created Information Architecture for Battery Management App.
- Created Information Architecture for product website.

Mar 2025 - May 2025

Max 1 Motors | Dubai (Remote)

UI / UX Designer

- Headed the complete website revamp project for Dubai-based car dealership
- Designed and delivered mobile and desktop versions with fully responsive screens
- Created seamless user experiences for car browsing, filtering, and inquiry processes
- Project currently under development

Nov 2024 - Mar 2025

Vyana Wellness | Dubai (Remote)

UI / UX Designer

- Led UI/UX design for initial MVP release showcased to investors and VCs
- Designed and delivered the initial product release for their wellness business platform
- Created intuitive interfaces for client management dashboards and referral system
- Developed user flows for wellness business operations and customer engagement features
- Collaborated with stakeholders to translate business requirements into user-centered design solutions

Aug 2023 - Mar 2026

Crion Technologies | IIT-M Research Park, Chennai.

Junior UI UX Designer cum Product Designer

- I pioneered the User Experience (UX) for CLONOS, a complex digital twin - EAM product. This involved crafting high-fidelity screens across web, tablet, and mobile, ensuring a seamless experience for all users.

EDUCATION

2025 - Present | Symbiosis Institute of Design

M.Des User Experience Design

2022 - 2023 | IIT-Gawhati (Intellipaat)

Advanced Certification in UI/ UX Design Strategy.

2018 - 2022 | KPRIET

B.E Mechanical Engineering

CGPA: 7.71

HARD SKILLS

- User Research
- User Interface Design
- User Flow
- Ideation
- Information Architecture
- Micro Interaction
- Wire-framing
- Visual Design
- Usability Testing
- Web Design
- Prototyping
- A/B Testing

SOFT SKILLS

- Empathy
- Listener
- Collaboration
- Communication
- Problem Solving
- Creativity

- My expertise encompasses the entire UX spectrum. I built the Information Architecture, mapped user flows, designed wireframes and UI elements, and designed a unified design system for CLONOS.
- Implementing Augmented Reality (AR) SOP's to provide plant operators with information at their fingertips.
- Developed dashboards to provide real-time plant insights for both on-site and remote users.
- I actively conducted usability testing, user interviews, and market research to ensure CLONOS catered to user needs.
- Crafting VR-based training simulators for field operators.
- Implemented a new log and checklist system, resulting in a 20% reduction in operational errors and a 15% increase in log entries among plant operators (KRPL).
- Streamlined the work order management process, reducing average processing time from 2 hours to 30 minutes, leading to a 30% increase in productivity (KRPL).
- Conducted user interviews and surveys, with 85% of users reporting increased satisfaction with the CLONOS system (KRPL).

Aug 2022 - Aug 2023

Praj Industies | Hinjewadi, Pune.

Graduate Engineering Trainee

- Designing Tanks, Pressure Vessels and Heat Exchanger according to ASME standards.
- Iterating designs based on testing / Analyzing and feedback.
